

Energy upgrades and improvements for low and moderate income homeowners and tenants

Looking to save money on your utility bills?
Get an energy assessment and home upgrades at **no cost**.

Upgrades may include:

- Hi-tech advanced power strips
- Refrigerator recycling
- Energy-efficient ceiling and wall light fixtures
- Compact fluorescent lamps
- Compact fluorescent lamp reflectors
- Halogen torchiere floor lamp replacement
- High-efficiency massage showerhead
- High-efficiency kitchen and bathroom faucet aerators

The Moderate Income Direct Install (MIDI) Program is designed specifically for low and moderate income residents. We do all the work, assist you with income verification, and walk you through your PG&E bill to help find future energy savings possibilities. **Call today!**

Energy specialists and technicians are trained and certified by PG&E for this program.

Want to save water too?

Your local water district can help. Find out about:

- High-efficiency toilet rebates
- Clothes washer rebates
- Landscape rebates

Visit saveourwater.com/find-your-water-agency for more information.

To speak to a Qualified Energy Specialist, call 1-800-989-9744

MIDI works in coordination with your local Energy Watch Partnership, learn more at pge.com/energywatch.

Together, Building a Better California

*Actual upgrades will depend on the recommendations following your energy assessment.
